FAQs

How much do you charge?

\$0. Because of our relationship with Clover, our Basic tier is free (valued at \$49/month) for all Clover merchants. We offer other plans and charge a monthly subscription per location based on your tier of service.

Is there a commitment or contract?

No! If you are not satisfied, you can always contact us at any time to cancel your service. We are a month-to-month service.

Is there a charge for employees?

No! There is no per-employee charge, unlike other service providers. In addition, employees get access to the Homebase app for free.

Are there any other fees?

No! We like to keep costs as low as possible for our merchants. No nickel and diming.

Do you integrate with other Clover apps?

No. You must use the Homebase time clock if you want to take advantage of our scheduling and labor management tools.

Why use the Homebase time clock?

The Homebase time clock offers advanced features such as break tracking, overtime calculation, labor cost reporting and remote employee status visibility. Employees can clock-in and -out in a fraction of the time vs. other solutions.

What support do you offer?

We offer live phone support weekdays from 9am to 9pm CT at (415) 951-3830 and email support after hours at help@joinhomebase.com.
